

A SYMPOSIUM ORGANISED BY THE MFA AMBASSADORS

"*From Grassroots to Greatness*"

Celebrating a Decade and a Half of Legislative Excellence in Ibeju-Lekki

IN HONOUR OF

HON. MOJEED FATAI ADEBOLA

Chief Whip, Lagos State House of Assembly | Four-Term Legislator & Candidate for a Fifth Term

NJS Royale Event and Conference Centre | 4th April, 2026

THE OPENING MOMENT

"There is a particular kind of emotion that comes over a community when it gathers not out of obligation, but out of genuine gratitude."

A woman in Kajola who no longer prays for rain to stop before going to market

A young man in Bogije/Elsekan who drove to work on a road that didn't exist five years ago

A family in Malete that stayed up late — because the street lights came on

A child in Lakowe Phase II who made it to school without trekking through waterlogged roads

A young lady in her final year at university — because her JAMB form was paid when her family could not afford it

"None of them may be in this hall today. But they are the reason this hall exists."

WHO ARE THE MFA AMBASSADORS?

A community movement that grew organically from the streets, markets, schools, and homes of Ibeju-Lekki Constituency I.

OUR MISSION: Return Hon. Mojeed Fatai Adebola to the Lagos State House of Assembly for another well-deserved, community-mandated term.

OUR JOURNEY: ENDORSEMENTS & CAMPAIGNS

01

FIRST TO ENDORSE

First political support group in Ibeju-Lekki to publicly declare endorsement of Hon. Abdullahi Sesan Olowa & Prince Isiaka Yusuf Olatunji for Chairman & Vice Chairman in the 2025 LG Elections — formally at Sapphire Grill, then Jata Hotels.

02

WARD CANDIDACY ENDORSEMENT

Publicly endorsed Hon. Eletu Zainab Ayobola — who today proudly represents the largest Ward in Ibeju-Lekki Local Government. Our endorsements were decisive, public, and ahead of the curve.

GROUND-LEVEL CAMPAIGNS

03

Following endorsements, we immediately launched a community-by-community campaign across Ward E — from Lakowe to Eputu, to Adeba, Awoyaya, Abijo, through Mushikogo, Iwerekun, and the tough terrain of Gbetu. We spoke to residents, listened, persuaded, and mobilised.

RESULT: *Vote count from a single community in Ward E matched what an entire Ward elsewhere produced. That is not coincidence — that is deliberate effort.*

OUR JOURNEY: VOTER REGISTRATION & 2027 READINESS

2,000+

People registered
for PVCs across communities

1,000+

New voters added
to Ward E register alone

4 Wards

Targeted for 2027
registration drive

60%

of 2027 victory votes
expected from Constituency I

WHAT 2027 READINESS LOOKS LIKE

-  Model replicated across ALL FOUR WARDS in Constituency I — better coordinated, better documented, more aggressive
-  Working hand-in-hand with Hon. Mojeed Fatai Adebola and the Executive Chairman for maximum results
-  We have the structure. We have the foot soldiers. We are a call away.
-  We are confident 60% of votes that will deliver our 2027 victory will come from this constituency
-  These are not just numbers — they are our friends, our wives, our neighbours — all ready to vote APC

EDUCATION: THE ANNUAL JAMB FORM SUPPORT SCHEME

"Roads connect places. Education connects futures. And Hon. Mojeed has invested in both with equal sincerity."

2,400+

Young people from Ibeju-Lekki Constituency I whose JAMB examination forms have been fully paid for

The young man who is now an engineer

The young woman who is now a nurse

The first graduate in a family that had never produced one

Youth whose potential mattered more than their financial circumstance

"These are not numbers. They are names. They are futures. This is grassroots leadership at its most genuine and most lasting."

ECONOMIC EMPOWERMENT: REACHING EVERY HAND

"Development is not complete until it reaches the hands of ordinary men and women."

WHAT WAS DELIVERED

Targeted capital support to micro & small enterprise owners

Direct grants to traders, artisans, and entrepreneurs who needed it most

Reopened shops, restocked stalls, and expanded businesses across the constituency

Families whose financial situations tangibly improved

Investment in the productive capacity of Ibeju-Lekki's people — not charity

WHY IT MATTERS

Economic empowerment is as important as physical infrastructure. A road brings people to market — but capital keeps the market alive.

By investing in the economic lives of constituents, Hon. Mojeed has ensured that his representation extends beyond legislation into the everyday reality of ordinary families.

This is representation in the fullest sense: seeing the whole person, the whole community, the whole opportunity.

INSTITUTIONAL STANDING & LEGISLATIVE SENIORITY

There is one more dimension of Hon. Mojeed's record that must be spoken about — perhaps the most consequential for Ibeju-Lekki's future.

Trusted as Deputy Speaker

In early 2025, during a critical institutional transition in the Lagos State House of Assembly, when the House needed steadiness and experience — it turned to Hon. Mojeed Fatai Adebola. He was entrusted with responsibilities of Deputy Speaker. Not because he campaigned for it. Because his colleagues already knew what Ibeju-Lekki has always known: this is a man you can trust when it truly matters.

Chief Whip: Organizational Authority

As the Assembly's Chief Whip, his organizational authority creates leverage for Ibeju-Lekki at every budget cycle, every committee sitting, and every policy debate. This is not ceremonial — this is structural power that directly benefits the constituency at every session of the House.

Ranking Member — Irreplaceable Access

Hon. Mojeed is not merely a member of the Lagos State House of Assembly. He is one of its most respected and trusted voices. He is a ranking member whose influence can be deployed for this constituency in ways no fresh legislator could replicate. His phone calls get answered.

IBEJU-LEKKI, ASIWAJU & THE BIGGER PICTURE

"The story of Ibeju-Lekki does not exist in isolation. It is part of a larger national story."

PRESIDENT BOLA AHMED TINUBU

Asiwaju — Renewed Hope Agenda

Before becoming President, Ibeju-Lekki was already on Asiwaju's radar. The economic vision that:

- Created the Lekki Free Trade Zone
- Attracted the Dangote Refinery
- Set the foundation for billions in private investment on this corridor

...was driven by political will that understood development starts with leadership that has a plan.

Today, as President, his Renewed Hope Agenda creates national economic policy that directly impacts communities like ours.

THE STRATEGIC CONNECTION

Benefits of a Tinubu presidency do not flow automatically to every constituency. They flow to constituencies represented by legislators who are connected, trusted, and aligned.

Ibeju-Lekki has that voice.
His name is Hon. Mojeed Fatai Adebola.

A fifth term for Hon. Mojeed is not just a local political decision — it is strategic positioning of Ibeju-Lekki to capture the full dividends of a Tinubu second term.

As the Lekki corridor attracts investment and industrial development accelerates — Ibeju-Lekki must have the most powerful, most connected, most experienced legislative voice it can put in Alausa.

THE CASE FOR A FIFTH TERM: WHY NOW MORE THAN EVER

Do we CAPITALISE on what we have built — or do we start over?

Proven Results

Roads, 2,400+ JAMB forms, economic empowerment, ₦50B+ in infrastructure. The record answers the question beyond dispute.

Institutional Seniority

Years of relationships, institutional memory, hard-earned respect. Access to the Governor's office. Budget influence. Committee leverage.

Ibeju-Lekki Is Rising

Lekki Free Trade Zone expanding. Dangote Refinery operational. Billions in private investment flowing in. This is the worst moment to replace a proven voice.

Cannot Be Fast-Tracked

A new legislator starts at zero. Hon. Mojeed starts with relationships, trust, and the ability to get things done. You cannot buy or rush that.

Community Mandate

With each renewed mandate, results grew stronger, projects got bigger, the constituency moved further. The data is consistent.

A Fifth Term Is Strategy

It is Ibeju-Lekki choosing to maximise what it already has. Not sentiment — strategy. The MFA Ambassadors say with one voice: bring back Hon. Mojeed.

OUR CALL TO ACTION

Leadership is not measured by promises alone, but by the visible impact it leaves on the lives of the people.

HOW EVERY AMBASSADOR MUST ACT

- 01** MOBILISE your family, your neighbours, your community
- 02** REGISTER to vote and ensure your PVC is active and correct
- 03** SPEAK UP — share the achievements and the evidence with others
- 04** SHOW UP at the polls and bring at least two others with you
- 05** PROTECT the progress — support proven, committed leadership
- 06** ORGANISE at your ward level for maximum 2027 impact

WHAT WE ARE PROTECTING

- ✓ ₦50B+ in infrastructure
- ✓ 2,400+ futures funded
- ✓ Economic grants to hundreds
- ✓ 15+ years of proven service
- ✓ A seat of influence at Alausa

*"Today, the responsibility rests with all of us.
Progress must be protected, and good
leadership must be encouraged to continue."*

CLOSING REMARKS

"Hon. Mojeed Fatai Adebola did not ask us to organize this symposium. No instruction was given, no directive issued. We came together on our own — because conviction brought us here."

We will stand.

We will speak.

We will organise.

We will move forward together.

BECAUSE THE STORY IS NOT FINISHED.

What we have seen so far is only a chapter. The best pages are still ahead — waiting to be written by the same determination, the same partnership, and the same belief in progress.

To Hon. Mojeed Fatai Adebola: we see your work, your sacrifices, and the difference your leadership has made. We are proud to stand with you.

"History is not written by spectators. It is written by people who stand up for what they believe in."

"From Grassroots to Greatness — The Ibeju-Lekki Story Continues."
